Week 1 News and Notes!

For those of you that are new, in this section we'll recap what happened last week specifically, the misleading finals, the key injuries, the bad beats and the line moves. We'll include most of these recaps here, therefore you don't have to waste time reading about them in my game-by-game write-ups for the upcoming week. Without further adieu, here's a run down of what happened last week in the world of CFB.

Largest Favorites to Cover:

Virginia Tech (-54.5) vs VMI, 73-3
BYU (-50.5) vs Utah Tech, 63-7
Ohio State (-50) vs Ball State, 56-3
Georgia (-49.5) vs Tennessee State, 63-3
Maryland (-45.5) vs Hampton, 62-0

Biggest Money line Upsets:

Massachusetts +2400 won 37-21 at Rutgers (+29.5)
The Citadel +1000 won 43-41 in 3OT at Charlotte (+20.5)
Idaho State +500 won 29-17 at Utah State (+15.5)
Tulsa +400 won 24-10 vs Oklahoma State (+13)

Misleading Finals

South Florida (-14.5) beat FIU 19-9. However, FIU had a 381-208 yard edge but the Panthers were -3 in turnovers. FIU was +1.4 in yards per play margin.

Indiana (-40) beat North Texas 52-16. Remarkably, North Texas had a 367-365 yard edge in the game.

SMU (-3) beat Florida State 27-24. The Mustangs had a dominant 585-324 yard edge but were -3 in turnovers. SMU became the only FBS or NFL team in the last 30 years to have: -3 or worse turnover margin, twice as many penalties as their opponent, fewer rushing yards than their opponent, lower time of possession than their opponent, more missed FG's than their opponent...and yet still win the game. SMU had a 8.7-4.8 yards per play margin, more indicative of a 3-TD win. Even though they only lost by 3 points, FSU's post-game win expectancy was only 1.4% and the adjusted box score had the Seminoles losing by 20.4 points.

Michigan State (-10) beat Toledo 30-20. Toledo led 20-19 in the fourth quarter and were +1.9 in yards per play margin. Toledo had a 53.4% chance of winning outright in Bill Connelly's post-game win expectancy.

West Virginia (-21) beat Coastal Carolina 31-24. West Virginia led 24-0 at half-time and included a fumble in the end zone for a touchback that would have made it 31-0. Shockingly, Coastal dominated the second half and almost won the game outright. Coastal had a +1.1 yards per play margin for the game.

Auburn beat Baylor 17-16 in what would appear to be a defensive slug-fest. However, the two teams combined for 825 yards. That's more indicative of a game that features 63 points, not 33. Five different possessions inside the opponents 30-yard line resulted in zero points. Baylor had a 436-389 yard edge and were stopped on a 2-point conversion in the final seconds.

We gave out Sam Houston (+18) to VIP customers in the summer. They closed +15.5 and should have won the game outright over Troy. Sam Houston had a 75.4% chance of winning in Bill Connelly's post-game win expectancy.

Tulsa (+13) pulled the outright upset over Oklahoma State 24-10 for the second year in a row. However, Oklahoma State had a 368-361 yard edge in the game but were -3 in turnovers and were also stopped on downs at the Tulsa 3-yard line.

Michigan WR JJ Buchanan caught a "Hail Mary" TD pass on the final play that allowed Michigan to escape with a 13-12 win over Western Michigan on Saturday night. The 27.5-point favorite Michigan Wolverines got an extra play after a controversial timing error.

Bad Beats (Most Included on Scott Van Pelt's SportsCenter)

FIU deserved the cover over South Florida (see above in misleading finals) but it should be noted the Panthers scored a 21-yard TD on the final play of the game to get the backdoor cover.

San Diego State (-38.5) led Portland State 53-20. The Aztecs had a first and goal at the 1-yard line in the final two minutes but could not punch it in.

Albany was +675 on the money-line vs Buffalo. Albany trailed Buffalo 21-17. Albany got to the Buffalo 1-yard line with 1:19 left. They had 3 plays to score and win the game outright but couldn't finish.

Wake Forest (-28) led 38-3 in the fourth quarter. However, the Zips got a TD with :29 left to get the backdoor cover.

The total in the first half of the Illinois/UAB game was 28.5. Illinois led 14-6 with under :30 left. UAB got a TD then Illinois got a 54-yard "Hail Mary" TD pass on the final play of the half. UAB also scored a TD with :09 left in the fourth quarter to cover all full-game numbers in the 42-23 loss (+25.5).

Injuries/Personnel News

-Per coach Greg Schiano, Rutgers is making a QB change for the game at Boston College Friday night. AJ Surace will make his first career start. Game one starter Dylan Loneragan left the game in the second half with an injury.

-Tulane coach Will Hall announced a QB change. Kadin Semonza will take over as the starter vs South Alabama. Zeon Chriss-Gremillion got the start in the 17-3 loss at Duke last week.

-Missouri LT Cayden Green is on track to play this week at Kansas. Green missed the opener vs Arkansas-Pine Bluff. It doesn't appear that RB Ahmad Hardy will play this week.

-Miami head coach Mario Cristobal said that CB OJ Frederique suffered a "pretty significant injury" and will be out "quite a while."

-LSU is moving forward with no former NFL players on its roster.

-South Carolina OT Jacarrius Peak and EDGE Dylan Stewart returned to practice on Tuesday.

-Baylor QB DJ Lagway is day-to-day after injuring his right ankle in Saturday's loss to Auburn.

-Iowa's quarterback competition will carry into Week 2, as expected.

-Iowa RB LJ Phillips suffered a high ankle sprain vs Northern Illinois.

-Michigan's Kyle Whittingham on QB Bryce Underwood's job security: "It's not something that's infinite. At some point, we've got to turn a corner..."

-Hawaii QB Micah Alejado did not practice on Tuesday and is questionable to play this Saturday vs New Mexico State.

-Rice WR Quinton Jackson suffered a significant injury Saturday.

-Notre Dame DT Jason Onye and S Tae Johnson will be out for an extended period.

-California QB Jaron Keawe Sagapolutele (foot) did not finish the UCLA game. He was limping late in the fourth quarter.

Week 2 Computer Projected Lines for Every CFB Game

For the past nine seasons we have posted computer projected lines for every game on Wednesday. **Games where there was of difference of more than 3 points saw our computer lines actually beat the Vegas line at a 525-471-17 (52.7%) clip!** This we are off to a 4-1 start. Keep in mind, these computer lines don't take into consideration off-the-field factors like revenge or flat spots or if there are late-week injuries. They are basically a power-rating number difference between the two teams that also takes into consideration the home field advantage.

Of the 3 games where our computer is off more than 3 points compared to the Vegas line (highlighted), our favorite teams this week to back would be **Charlotte +47.5**.

The Comp column is the computer projected line and the Diff column is the difference between the Vegas line and the Computer line. "+" numbers in the difference column say back the underdog. "-" numbers in the difference column say back the favorite. Let us know if you have questions.

Betting CFB Openers

Every Sunday in Vegas at 11am PT, Circa Sports is one of the first books in the world to release CFB lines and we bet them every week. We think it's the best value bets we make all week. 2020 was the first season where we tracked every single bet we made and posted them in the weekly newsletters. We were very pleased with our 119-76-3 (61%) record on these Sunday bets with an average line value of 2.6 ppg! In 2021, we were 224-196-5 (53.3%) vs the Circa openers with an average line value of 1.8 ppg. In 2022, we were 314-262-14 (54.5%, CLV 417-122-51 +1.65 ppg). In 2023, we were 405-358-6 (53.4%, CLV 577-137-55 +2.09 ppg). In 2025, we were 263-209-1 55.7% (CLV 339-86-48 +1.7 ppg) Below is some of what we've already bet for Week 2.
